City, State, Zip: _____ County: _____

Person Completing this Form (if different)

Name: _____ Phone: _____

In the interest of enhancing and preserving our existing housing stock for the benefit of future generations, we are joining others in rising to the *Retrofit Challenge*. After a detailed review of the *Retrofit Challenge* guidelines, we will integrate occupant health and safety, building durability, energy efficiency, and comfort best practices into our master renovation specifications.

FLORIDA SOLAR ENERGY CENTER®

Creating Energy Independence

The *Retrofit Challenge* for the Hot Humid Climate

Please complete the Pledge on the reverse to indicate your organization's willingness to take the Retrofit Challenge including setting an energy efficiency goal, building organizational consensus and capacity, and developing master specifications based on the "Current Best Practices" FSEC developed in conjunction with 10 Florida affordable housing entities.

Visit the *Retrofit Challenge* webpage to download materials:
